In Conversation with Mr. Denys Arcand and Dr. Christine Ury

Please join us for a unique opportunity to screen *Stardom*, the 2000 film from our acclaimed Quebec Film Director and Screenwriter, Mr. Denys Arcand. This motion picture was selected as the closing film of the 2000 Cannes Film Festival. We have chosen this movie as a result of the interesting issues it raises both from the psychoanalytic point of view, as well as the film perspective. This feature will be followed by discussions with Dr. Christine Ury (psychoanalyst) and Academy Award winning screenwriter and director, Mr. Denys Arcand.
