# THEME: THE FEMININE

- With more than 600 acclaimed speakers from around the world, the Congress provides a huge range of rich learning opportunities through the many lectures, seminars and panel discussions on offer.
- Since the late nineteenth century, concerns and problems related to the female condition, which were previously normalised or silenced, have become increasingly visible in different cultures. Our goal for this Congress is to focus on issues that affect the everyday life and experiences of both women and men.
- During the Congress, the IPA will take up the challenge of updating and rethinking classical psychoanalytical views on 'the feminine' and their repercussions in psychoanalysis.

# PRE-CONGRESS ACTIVITIES

- The London Pre-Congress will be held on **Tuesday 23rd July and Wednesday morning 24th July 2019.**
- The following activities are already planned:
  1. Working Parties
  2. Child and adolescent
  3. Family and couple
  4. Research
- All tickets for Pre-Congress activities will be available to purchase on the 14<sup>th</sup> January 2019. They will be sold on a first-come, first-served basis.

# CONGRESS ACTIVITIES

- The Congress will open with a lecture from guest speaker, Julia Kristeva, the renowned author, psychoanalyst and expert on the feminine.
- The Congress will invite four Keynote Speakers: Leticia Glocer Fiorini, Dominique Scarfone, Catherine Chabert and Frances Thomson-Salo.
- Activities: Individual papers, panels and small discussion groups with presenters from over 40 countries.
- Keynote papers are planned for each day including a discussion paper and post-panel discussion groups presented by colleagues representing the three IPA regions (Europe, North America and Latin America).
